Neil Glassford offered to repair the whipper snipper at no cost.

Discussion by Kim O'Connor, re the small refrigerator and freezer should be turned off whilst not in use to save power.

It was noted the reason for the small appliances to be left on is so there was always somewhere cold for people to store food whilst in Hall, if they are turned off it takes a while to cool them and probably more power, so cheaper to leave them on rather than to have to start the bigger appliance.

A vote was taken and it was decided to turn them off.

Steve Howarth to organise Anzac service at Memorial Hall, he is in communication with the R.S.L. in Yass, and will report as time gets closer.

Meeting Closed.
